

Artist Database

Ticketfly has compiled a continually growing database of over 75,000+ artists detailed information to help quickly and easily create event listings with rich information.

EASY TO USE

A quick search and click drops in information for headliner and support acts, saving the time it takes to track down all the information individually.

When listing an event use stored information or add to the database once and the information will be available for all future events.

RICH LISTINGS INCLUDE

- Artist Photos
- Artist Bio
- Streaming Audio
- Youtube Videos
- Artist Website
- Facebook links
- Twitter links
- Myspace links

| Bio | <p>Kanye Omari West (pronounced /ˈkɑːnzjɛː/; born June 8, 1977) is an American rapper, singer, and record producer. West first rose to fame as a producer for Roc-A-Fella Records, where he eventually achieved recognition for his work on Jay-Z's album The Black Album, as well as hit singles for musical artists including Alicia Keys, Ludacris, and Janet Jackson. His style of production originally used pitched-up vocal samples from soul songs incorporated with his own drums and instruments. However, subsequent productions saw him broadening his musical palette and expressing influences encompassing '70s R&B, baroque pop, trip hop, arena rock, folk, alternative, electronica, synth-pop, and classical music.</p> | |
